For various reasons, one being the weather forecasts, Shellharbour GFC decided to can their tournament which was scheduled for 19-20 August and have moved it to 28-29 October 2017. We can only hope that this date works for them but unfortunately the weather is one factor that we have no say in.

At least we have some fish recorded this moth although once again the majority of clubs had a nil return. The combination of iffy weather and scarcity of fish has certainly contributed to these results so we can only hope things change very soon.

The Wollongong GFC tournament is this weekend and I am doing the radio for them. I anticipate some boats from our Zone will be participating and hope the weather holds off for them.

Stay safe and enjoy your fishing.
