Nice to see a few fish caught this month although the weather hasn't been overly kind this summer.

Well done to the clubs that have successfully held their tournaments and with further restrictions being eased hopefully we will get back to normal soon. Please continue to push the covid safe regime though as we do not want to return to what we had. We all need to remain vigilant.

Please support the tournaments that are coming up, I am sure all clubs will appreciate whatever support they receive.

Good luck to those fishing the Interclub and All Ports this weekend hopefully the weather and the fish turn it on for you.

Stay safe and tight lines Steve
