Nice to see a few fish recorded for the month. There are still quite a few clubs not responding on a monthly basis. Could all recorders please let me know even if they have nothing for the month. This helps me make sure I have not missed anyone. Thanks to those that have been reporting every month.

The rules regarding functions held at venues have been modified again making it impossible for us to hold a presentation or AGM at a registered club. As mentioned in last months report I was looking for feedback on trophies and awards for the 19-20 season. Thanks to those that got back to me. I will be getting plaques for the SZ All Ports trophies and the Junior prizes from the 19-20 season. The rest of the awards that went off will be a certificate to reduce costs. I will get these completed ASAP and post the results, the awards will be distributed by a mail out to the clubs postal address.

Hosting tournaments will be a bit different for us all this year so please ensure we all follow the current advice from the Chief Health Officer and adhere to the guidelines. Please also be careful of what photos go on social media and ensure they portray that guidelines have been followed.

I have attached the **DRAFT** Tournament Calendar again with a few changes, the only tournament **not** confirmed at this stage is the Shellharbour Open which is proposed for the 20th and 21st of March. This will be confirmed next month if no clubs have any further changes.

Hopefully the August winds have now passed and we can get out and enjoy some time on the water as the weather starts to warm up.

Stay safe and tight lines Steve
