Ulladulla	17pts
Merimbula	5pts
Kiama	5pts
Shoalhaven	5pts
Canberra	4pts
Bermagui	1pt

Some more great fishing and results this Month particularly around Jervis Bay and Ulladulla. That area has been fishing very well this season with plenty of boats finding fish.

The NSWGFA interclub was by all accounts a great success in the format we ran this year and there will certainly be conversations and discussions at this year's AGM to consider keeping the format moving forward. There are obviously a few bugs to sort out but overall it was a great success. If any of the clubs or members that fished have any suggestions or comments please bring them to me for consideration in the development of next years event. A huge thankyou to all that helped out over the weekend to make it happen, those on the weighstations, participants and particular thanks to Grahame Williams, George and Lisa Lirantzis and Sandy Livingstone for running the scheds. Ulladulla Team 1 did the Zone proud with a great result of second overall. Well done to Tomahawk, Jambo and Side Effect for a fantastic weekend.

Another great effort from the Interclub was Kaitlyn Schofields Blue Marlin on 10kg line, another record pending for Kaitlyn and the crew on Shockwave.

We are in the thick of tournament season and Shoalhaven and Kiama are coming up over the next few weeks so please support these clubs where you can and get involved for a great weekend.

As most of you have probably seen there was quite a lot of coverage about the sharks captured off Sydney in the interclub, a lot of it negative so please be careful when posting on Social Media any photos or videos that may depict our sport in a bad light.

Stay safe and tight lines  
Steve
