**Jervis Bay            11pts**

**Merimbula            7pts**  
**Jervis Bay            5pts**  
**Eden                    3pts**

Well not the return to point score I was looking for with no clubs recording any points.

Let's hope things pick up as the water warms and pushes down the coast. I fished the Jervis Bay Whitesands tournament and we were marking some good aggregations of bait and even the odd fish on some schools. The conditions were a bit trying with a consistent Southerly keeping us all on our toes. As most of you are now aware there was a bit of drama caused from social media posting by the environmental groups during the comp. please remind all members to be careful what is posted publicly and also consider taking your member pages private if you have not already done so. Any clubs with upcoming tournaments please consider crowd management and screening of your weigh station in your plans.

I would like to take this opportunity to wish you all a very Merry Christmas and Happy and safe new year. May Santa bring you all calm seas and screaming reels!! Let's hope 2022 is a bit better than 2021.

Stay safe and tight lines  
Steve
